**Wildlife Update:
Bobcat Sighting in the Community**

First bears, and now it looks like we have a bobcat visiting our community!

There has been some recent bobcat activity in the area. While bobcats are typically not aggressive toward people, we're taking steps to ensure everyone's safety. The Association has hired a professional wildlife trapper to help relocate the bobcat safely and quickly.

If you spot the bobcat around the neighborhood, please let us know by sending an email to manager@alaqualakes.com. Your assistance will help our wildlife removal team act swiftly.

As a friendly reminder, please keep your garage doors closed and trash

securely stored. Together, we can minimize the food sources that attract wildlife to our neighborhood.

If you have any questions, please contact Jeff Daniel at (407) 915-6001 or manager@alaqualakes.com.

Have a wonderful weekend!
