The Legacy Club at Alaqua Lakes Vaccine Clinic

Wednesday, October 16th from 6:30-10AM and 4-6PM

All vaccinations we offer are covered at 100% with Insurance!!

Influenza (Quadrivalent, High Dose) Ages 6 months and older

Flu Virus typically spreads through Oct-May. It is highly contagious through any contact from person to person, also through coughing and sneezing.

Cost Without Insurance \$35

Pneumonia (Pneumovax 23- 18 years and older & Prevnar 20- 50 years and older)

Pneumonia is a serious lung illness that also affects the blood and the lining of the brain and spinal cord. Vaccinations protect against bacterial pneumonia and are a two part series given 1 year apart. Additional boosters are recommended every 5-10 years.

Cost Without Insurance: \$125 and \$250

TDAP (Tetanus, Diphtheria, Pertussis) Ages 18 and older

Tetanus is caused by bacteria entering the skin and is serious/deadly. Pertussis (Whooping Cough) is a bacteria that cause severe coughing and difficulty breathing. Pertussis is serious/deadly for the elderly and infants. Additional boosters are recommended every 5-10 years.

Cost Without Insurance: \$65

Shingrix (2 Part Series) Ages 50 and older

Shingles is a painful skin rash with blisters. Shingles erupt in 1 out of 3 people. Shingles is caused by the Chickenpox virus that most adults had as a child. Shingles are very painful and no sure treatment. This is a two part series given 2-6 months apart.

Cost Without Insurance: \$220

Hepatitis A (2 Part Series) Ages 18 and older

Hep A is a liver disease that is commonly spread through contaminated food and water. Although it can be transmitted through people and contaminated surfaces. Florida has had pandemics of Hep A over the past two years. This is a two part series given 6 months apart. Additional boosters are recommended every 10 years.

Cost Without Insurance: \$90

COVID *newest booster only* (Pfizer) Ages 18 and older

Cost Without Insurance: \$150

RSV (Respiratory Syncytial Virus) Ages 60 and older

RSV is a common respiratory virus that usually causes mild, cold-like symptoms. RSV vaccine can prevent lower respiratory tract disease caused by this virus.

Cost Without Insurance \$300
