

Important Notice: Storm Preparations and Service Updates

Dear Homeowners,

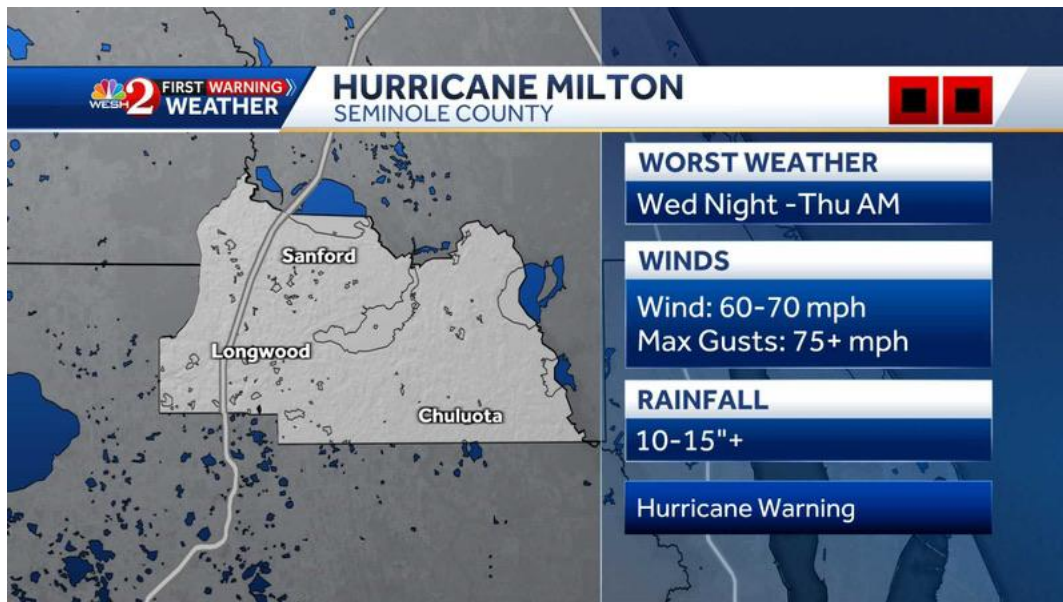

As we prepare for the incoming storm, please ensure that any loose items on your property, including construction materials, are properly secured, as these can become dangerous projectiles in storm conditions.

For your awareness, the community gate arms will be secured today at 3:00 PM, and our security staff will be relieved at that time to allow them to make their own preparations.

We appreciate your cooperation and wish everyone the best as we all work together to safely weather the storm.

Stay safe!

Hurricane Milton Update

Hurricane Milton is currently a Category 4 storm with sustained winds of 155 mph. The latest National Hurricane Center update forecasts it to make landfall near or just south of Tampa later today as a Category 3 or 4 hurricane.

For Alaqua Lakes, we can expect storm-force winds starting this evening around 4:00 pm. The worst of the weather will occur overnight into

Thursday morning, with sustained winds of 60-70 mph and gusts up to 75+ mph. The storm conditions should pass by Thursday afternoon.

Please remain aware of potential flooding as we can expect up to 15+ inches in rain as well as possible tornadoes due to the wind. [Residents are encouraged to sign up for weather alerts directly from Seminole County to stay informed of alerts in our area.](#)

In case of an emergency, please dial 911. For community-related concerns such as downed trees, call the Castle Emergency Line at 1-800-337-5850. Our vendors are on standby, ready to assist as soon as it is safe to do so.
